

AREA 92 NEWSLETTER

Serving the districts, home groups, and members of the Washington State East Area

“We are going to know a new freedom and a new happiness...”

Never in a million years would I have believed I'd have to go to prison for that promise to come true. But I did... and it did. For 18 years prior to my arrest, conviction, and incarceration I'd been in and out of AA. At one time I'd strung together over nine years of continuous abstinence, and at the time called it sobriety. The next nine years were periods of a few months of abstinence and meetings followed by periods of “self will run riot”. In the course of those last nine years, I managed to ruin a career, two marriages and many friendships, and lose my material possessions, my home, my trustworthiness, and finally my freedom — such as it was.

Finally, totally defeated and sufficiently humbled, I was “right sized” to be teachable. Having had AA in my past, I knew about personal inventories so while in County Jail, waiting to go to prison, I did one. I realized I had nothing left. I had nothing left to lose but my life itself. Everything was gone; but my memories. I then remembered something I'd heard in AA that Abraham Lincoln is supposed to have said: “Many times I've gone to my knees in prayer simply because I had no where else to go”. So I did the same. Soon a peace came over me and I remembered something else I'd heard. That was: “When God is the only thing you have left, you find that God is enough”. With that awareness I finally, for the first time, really understood the first three steps and owned them at the bottom of my heart.

One of the things prison gives a convict is time. Plenty of time. This has afforded me the opportunity to do a 4th step at a depth I had heretofore not imagined possible. I have been able to “plumb the depths” and really get down to causes and conditions. The outcome was ego deflating and further helped in getting me “right sized”. It turns out I'm no different than the alcoholics described in the Big Book: “selfishness, self-centeredness. That, (I saw) was the root of all (my) troubles.”

When I arrived at Airway Heights I started going to meetings. At first I sat and listened. I'm a bit older than most of the other prisoners and in my “magical, magnifying mind” I thought none of them would want to hear anything I had to say. Besides, how could I trust myself to be honest? Hadn't I been here before and thrown it all away? In time I realized I'd not been here before. The first time through, I was learning the language. I was “talking the talk” so well I couldn't see or hear that I was not “walking the walk”. Now there is no payoff for being good at AA. The only reward is recovery. The only payoff in here for “practicing these principles in all our affairs” is the serenity and peace that comes as a result thereof.

And all the promises of Chapter 6 have come true. I came to AA to find answers and make a new start. In AA I found God and though I'm in prison, I know “a new freedom and a new happiness” better than anything I've felt before. And I'm deeply grateful that God loved me so much that, even though I'd given up on Him, He kept trying to get my attention until He let me put myself in a place where I was forced to slow down and listen enough to hear His message of love, forgiveness and hope. For that I am grateful to be an alcoholic and a prisoner. The “pay-off” is really worth what it took me to get it. —“Big Bill”

From G\$O... Prudent Reserve: **DOWN** Literature Prices: **UP**

Hello Fellow Travelers: This past month is a mixed bag. On one hand I have had such great receptions where I have gone for Delegate's reports and other events in the Districts in the Area. I have traveled a few thousand miles since I got back from the Conference. What a great experience it has been to crisscross the area giving reports and participating in our miracle of life. And then last week I sent out an announcement via email to the Area Committee, that one of the hard working staff members at GSO had finally succumbed to his fight with cancer. Bill Archer who some of you knew from his visits to our Area and from phone conversations as he changed positions at GSO. The first time I met Bill was when he was here in Area 92 as part of the contingent from GSO for our Special Forum, he was Public Information Staff at the time and answered some pointed questions from members of our Area. Bill was this years Conference Coordinator and only a few knew I guess just how ill he was. We heard that he had re-entered the hospital shortly after the conference. Some of us saw him at PRAASA this past year in Irvine as the Saturday night speaker. Bill's family and his friends at GSO and in the fellowship are in our prayers. We received word at the conference that the beloved Robert Smith Jr. (Smitty) had passed away. This is old news but many of us remember Bob Jr. as speakers at AA and Alanon events all over the country. We have now said goodbye

to the last of the family members who were there. Should you still want to send a card please call me for the details. I will not put his wife's address in the newsletter. Thanks to all the Districts that are sending me the District highlights and newsletters, believe me I do read them so don't stop. I want to thank Dave the Alternate Delegate who has traveled with me to most of the reports and it has been really nice to have the company on some of the longer trips as we listen to AA tapes and trudge this road. I think he could probably give the report for me now. My wife Patsy even had a few words at one of the reports about her experiences at meetings in New York where she was so graciously attended to by the members of the New York Inter-group. As I mentioned in my report each week we get the correspondence from GSO and this past month is no different. We received the Advisory Actions and additional Considerations which I sent to the Area Committee to be shared with the Districts. The final reports will be out probably in September. By the time you read this you are probably on your way to the PNC which as you might recall was voted on by the Area to continue to support. Our support because of that vote will mean that if we don't support it one way by participating we will in another by paying the bills should there be a shortfall. I have been told that we are currently behind in registrations from what

was anticipated since it is such a great experience and there has been so much work done by the committee to promote the conference. But who knows we are notoriously late for things and maybe everyone is waiting to register at the door. See you there. Next is the Pacific Regional Forum in Portland, what a great way to get to meet and know the Staff, and General Service Board representatives of your General Service office, and the Grapevine Office.

There is a Vacancy for an Non Trustee Director of AA Grapevine Board in 2005. The Board of Trustees has requested that the AA Grapevine Board's recommendation for this position be presented to the Trustees' nominating committee for review at its January 2005 meeting. Since resumes need to be screened and applicants interviewed by members of our Corporate Board in a timely fashion, the process must begin well in advance. They plan to review resumes in early September in order to schedule interviews during the autumn. Completed Resumes are to be submitted by August 13, 2004. There are 5 considerations to qualify for filling the vacancy.

Sound business or professional background...

- Leadership qualities and ability to work with others in a group conscience
- Activity in AA service
- A minimum of 7 years of sobriety

(continued on page 4)

Delegate Alternate Report

A Tale of Two Hats

As Alt-Delegate for WSEA 92 I have two jobs. One is to be prepared to step in for the Delegate if needed plus assist the Delegate in his duties. In order to be prepared and ready to take over for Mike if need be he and I spend a lot of time communicating. We are on the phone several times a week plus we travel together to various events. This gives us a chance to talk about the conference and other events that affect AA as a

whole. In fact we spend a good deal of time talking about AA as whole. Mike and I have worked together for several years in the service of Area 92. This makes communication a natural thing for us. We don't always agree, but we have found that when we talk things over and express our selves and how we feel or what our experience has been we seem to come up with a good approach that we would not have gotten on our own.

This turns out to be a sort of mini group conscience that we can use to help us fulfill our duties as trusted servants for the Area.

The other hat I where in the Area is Registrar, or group record keeper. My duties in this position are to keep the area group records up to date. The General Service Office keeps the group records in a database called Delegate Area. We have a new program this year that is an Access Program. We use this program to exchange information with

GSO. I get the group information changes from the DCM or the groups and make the changes in Del-Area. When I feel I have all the latest updates made I export the data to a floppy disk and send it back to New York. They import it to their database and send me an updated disk, which I then import into our Area Data Base.

We have another database in the Area. It is for the Newsletter

Editor and is on an Excel spreadsheet. Phil and I are working to keep this updated. I am making updates right now to the Excel spreadsheet to make sure it has the latest changes that I have made to the Del-Area. I am crossing checking the two databases and will get the information back to Phil M. our Newsletter Editor. Phil has been working hard to have an accurate mailing list for the Newsletter. It is a big job and our information is only as good as we are able to get it from the groups and the districts. I feel that

most of the districts have done a very good job of getting the information to us. We are just six months into this Panel and most of the hard work is done as far as group records. I am still learning how to do the Registrar job and expect to have it figured out about two days before I rotate. I will spend some more time next month talking about group records and the Newsletter database. Yours in Service,
Dave

“
We don't always agree, but we have found that when we talk things over and express our selves and how we feel or what our experience has been we seem to come up with a good approach that we would not have gotten on our own.
”

Delegate's Notebook

in the AA program

- Availability to attend all quarterly and planning meetings of the AA Grapevine (a total of up to eight per year), quarterly meetings of trustees' to which Corporate Board Directors are appointed, and the General Service Conference for on week each year. Additionally, directors may be called upon to attend interim sub-committee or other meetings and, occasionally, to represent AA Grapevine at Regional Forums or other AA functions.

Delegates must have rotated a minimum of one year before applying for this position. Therefore, Panel 53 Delegates will not be eligible for consideration for this opening.

Now for the last bit of information as you all know the General Service Office AAWS has raised the price of the literature to the price prior to the sale of the 4th edition. This is in response to a drop in the prudent reserve enough to warrant the increase. I am asking all the registered groups in the Area to begin to become self-supporting in regards to the General Service office. Each year a registered group has cost linked to the communication and participation in general service that amount to approximately \$42.00 per year or about \$3.50 per month per group. But at least if a group sent what would be enough to pay for just the GSR packet \$1.25 per month. Currently 13% of the groups in Area 92 are contributing to GSO, down from 18% in 2003. I hope that what we can do is not take from the District or the Area to make this happen but find the additional funds to maybe send a small donation each month to GSO. If you might wonder where that money goes a good explanation will during sharing at the regional forum. It is our opportunity to help insure that AA is available to anyone who has a drinking problem, anywhere, anytime. See you at PNC. We are so truly blessed.

In Love and Service,
Mike McMurtrie

The Area Chair

Hello from the banana belt of BC (District 1). Summer has arrived with our sunshine finally! As promised I am devoting this month's article to getting ready for the 2005 International Convention. I'm basically condensing the website information in this

article. The International convention website has been updated this month. To see it in its entirety please go to http://www.alcoholics-anonymous.org/default/en_services_aa.cfm?pageid=39

For those that don't have access to a computer don't despair!!

World Services will be mailing out information to your homegroup's GSR in late August or September. Since next year's Convention is going to be in Toronto there are some issues that need to be addressed if you wish to cross the border.

Ideally US citizens should have a passport for proof of citizenship, however, an original or certified copy of your birth certificate and photo ID is acceptable. (As a Canadian coming into the States I usually just bring my birth certificate and phone ID) Residents of the US that are not US citizens must have a green card. Depending on what country other members are from, a visa may be required.

It is suggested that anyone with drunk driving or felony convictions in their past might inhibit their attendance to the Convention seek assistance. One way is contact the Canadian Consulate in Seattle to see if he or she is admissible to Canada or to ask what can be done to

From Where I Sit...

become eligible. Canada considers all DUI's/DWI's as felonies. A 2001 law allows most people with one DUI/DWI occurring 10 years ago or more to be deemed eligible for admission to Canada. However, it's best to check with a Canadian con-

“

If you have any questions on your forms and if they are filled out correctly, let me know, in my other life I do similar work and I would be more than happy to help.

”

sulate or embassy office; even some lesser convictions may prevent members from entering Canada. It's important to check.

Canadian Consulate in Seattle address is:

Consulate General of Canada
412 Plaza 600 Building
Sixth Avenue and Stewart Street
Seattle WA 98101-1286
Tel (206) 443-1777 Fax (206) 443-9735

Email: seatl-gr@dfait-maeci.gc.ca

Here are some guidelines that were provided by a senior official of Citizenship and Immigration Canada:

Application for approval of rehabilitation must be made to the nearest visa office as far in advance of the event as possible since procession will likely take several months.

Forms are available on the Citizenship and Immigration Canada (CIC) website www.cic.gc.ca (to get forms and applications, see the blue box under "Help" at the top of the first page after the language selection page. Note: there are fees for processing application forms.

Applicants should write "CONVENTION 2005" prominently in the upper right hand corner of the application in order to allow identification since applications of this nature are not normally processed on a priority basis.

Applications must be completed fully and accurately and all supporting documentation must be attached to minimize delays in processing.

No guarantees can be given but visa offices will do everything possible to process applications in advance of the event if they are properly identified and properly completed.

Some additional sites that may be helpful:

If you have any questions on how to proceed let me know. If you have any questions on your forms and if they are filled out correctly, let me know, in my other life I do similar work and I would be more than happy to help. I won't guarantee my work, but I do guarantee to help! My email address is badbacklady@yahoo.ca

So if travel to Canada is difficult for some US members why are we holding an International Convention in Toronto?

Well, same thing applies here, we have members in Canada that are unable to attend functions in the US. Since 1950 the General Service Structure of Alcoholics Anonymous in the US and Canada has been made up of the two countries and we function as one entity in spirit and in service to the AA fellowship (something like Area 92!!!)

Reservations for rooms won't be open until November of this year. If 50 of us are coming together from the same area, can we be in the same hotel? They do make an effort to accommodate group housing. There is a separate procedure for this to ensure fairness while trying to meet our needs. For those needing 25 rooms or more contact (212) 870-2222 or

TREASURER

Hi, Area Treasurer here.

All is going well down, up, by, or over, depending on where you live, from my neck of the woods. Looking forward to seeing all at the quarterly. Still receiving donations. Please DCM's, if you would mention at your district meetings, the address change for sending the donations.

Kitti Potter 16493 Frey Rd Ephrata Wa 98823

As of June 9th, we have had money come in and money go out. The balance in quicken is \$5,548.16. Total inflows so far for this quarter are 9482.20. Total expenses 5914.44.

That's all I have.

Yours in service,

Kitti

(continued from page 8)

Treatment

and requested that the Singleness of Purpose Statement currently used in six CPC pamphlets be included in the Treatment Facilities Workbook and that the Fall/Winter 2002 and Fall 2003 issues of About AA be included in the Treatment Facilities Kit.

The committee requested that the A.A.W.S. Board review the price of the Treatment Facilities Kit.

The committee discussed Treatment Facilities area and district committee service work at homeless shelters, halfway houses, outpatient treatment programs, and nursing homes. Committee sharing indicated that in some areas Special Needs or Cooperation With the Professional Community Committees contact nursing home personnel; in other areas, Treatment Facilities Committees perform this valuable service work.

The committee discussed Bridging the Gap activities, which also reflected a wide range of experience. The committee discovered that in some areas the Treatment Facilities Committee and Correctional Facilities Committee do their own Bridging the Gap work and in other areas a separate Bridging the Gap committee has this responsibility.

The committee requested that the Treatment Facilities staff person request further shared experience on the scope of Treatment Facilities Committee activities from areas, districts, and intergroups/central offices in the U.S. and Canada.

The committee discussed ways of carrying A.A.'s message of singleness of purpose, which includes mailing letters and making visits to treatment facilities professionals, and conducting workshops for A.A. members and professionals on what A.A. is and is not.
Love in Service
Stan Thompson

ARCHIVES

Hello Area 92, I'm Mike, your alcoholic Archivist. This last month has been fairly busy. I have been working on updating the traveling display with some additions such as a Grapevine display commemorating the 60th birthday of the magazine.

I also attended the Delegate's Report held in Lewiston. If you haven't had a chance to hear Mike's report yet, I urge you to attend when he is in your area. It was very informative and I thought Mike did an excellent job of presenting it.

On June 5th, I attended the Combined Quarterly held in Yakima. Among the business discussed was an Archives Workshop. We have quite a few new District Archivists and it would be a valuable tool to help them get started. As this will take some time to get materials together, March of 2005 was suggested as a good time to have it. As soon as I have everything lined out, I will send a flyer to all the District Archivists.

I am currently trying to comprise a list of all the District Archivists or a contact person for each District. Hopefully, I will be able to complete this list at the July Quarterly. In the meantime, please don't hesitate to call me if I can be of any service to you or if you have any questions.

I would like to receive any District Newsletters, Minutes, Flyers, etc. that I could add to the Area Archives. I would also be very interested in any activities that you are having in your District. The traveling display is also available and I would really enjoy bringing it to any indoor function that you might be having in the near future.

Don't forget the July quarterly, to be held in Colville on July 9th and 10th. The Archives display will be set up and I will be looking forward to seeing you there.

Yours in Service,
Mike Bare

GRAPEVINE & LITERATURE

Hello All...

I have not had my computer for over a month. I crashed. But getting on with life, We had a great quarterly. I had the great opportunity to show three people what we have available and share how important the Literature is.

We made a great poster for the Grapevine 60th Anniversary. All in all we enjoyed our day. I have had my one quarterly for this year, so start thinking of ideas for the next one. Sorry this is so short, I'll do better next month. See you at the Area July Quarterly in Colville.

YIS
Paula

There's Still Time to Get A Piece of the ROCK!

The Pacific Northwest Conference (PNC) is a wonderful experience and officially hosted by Area 92. Let's show Oregon that we can put on a better show that they can.

If you have not sent your registrations or made your reservations for the PNC get them made ASAP. Flyers have been sent all over the Area and have been on the website for almost a year.

<http://www.area92aa.org/areainfo/schedule.php>

What an experience for new GSR's and old GSR's and everyone who is in AA for that matter. Hey the Districts should at least be sending the DCM's to be a part of this great experience.

We are once again depending on the hotel reservations to help offset the cost of the meeting rooms, etc. One way or another Area 92 will pay if we are not successful in getting more people signed up for PNC. Our area voted to continue to be a part of PNC and with that comes the responsibility of getting people to go so that we have a successful conference as far as self support goes.

The last count I heard was still small with all of the mailings and outreach we have done we should have many more. I hope that you have all been talking it up in your districts and in your groups.

This conference although small has been a dynamite conference and the saying PNC Rocks is really true it was very inspirational the last 2 years for sure.

I may be preaching to the choir but the people here in my office I don't think are very interested, so I haven't asked.

In Love and Service,
Mike

CORRECTIONS

Greetings fellow members,

Clint here with news from the Corrections Committee. I am an Alcoholic by the way.

During the last few weeks I received a request for big books from the facility at Orofino, and was able to get the books ordered and sent on to them.

Thanks to Les M. who helped pass the message and get me in contact with them. I am hoping to get to visit some of our larger facilities.

I haven't received any Bridge requests through the new address yet so maybe it isn't getting passed along to the members behind the walls. The new permanent address for Corrections Bridge Program is:

Area 92 Alcoholics Anonymous
Corrections Bridge Program
PMB 62
4235 So Cheney-Spokane Rd. Ste 1
Spokane, Wa. 99224-9661

You can contact me for Bridge application pamphlets any time. All Contact info is in the Area 92 directory or you can write me at the bridge address. Please help me get the new bridge address to all the facilities. Our primary purpose is to carry the message.

I really enjoyed the combined quarterly in Yakima it was well attended on the whole but I would have liked to see more Corrections representation. We discussed "Sharing behind the Walls" an inmate to inmate sharing program and we worked on a motion to be presented at the July area quarterly. As always I came away with my batteries recharged and eager to serve.

I can't help you if you don't let me know what you need.

Yours in service,
Clint

TREATMENT

Hello all thank you District 6-20 for hosting the Standing Committee Quarterly June 5th it was a real feeling of fellowship in AA. Jeff Leitenberg is the Area Alt Treatment Chair.

In the Treatment committee meeting we had a lot discussed on Panels and AA meeting going in to the treatment centers and keeping with in the Traditions it was strongly suggested however that we "AA" take time with the facility administrators to discuss "What AA is and AA is Not". We also discussed some of the problems in other treatment committees. And the Singleness of Purpose Statement that will be included in the Treatment Workbook from the CPC pamphlets.

Some of the attending district treatment chairpeople will be talking with each other in hopes of a possible combined district treatment meeting

in the near future. We will keep everyone up to date on that. As with most AA event, there will be lots of food and fun.

District 10 reports that Central Washington Comprehensive Mental Health (CWCMMH) now has a fully stocked AA Literature Rack in the back room, where the new AA meeting is held on Thursday's at 2pm. PI/CPC donated the rack and C&T is donating the literature (& the volunteers). This meeting is an example of how communication and cooperation is of vital importance between different A.A. service committees, and at different levels (Area, District), and between Trusted Servants, and the professionals we work with in our community, and how this can all come together and pay off in the final outcome where we actually see the result of the AA message being carried weekly, not only to where it we thought there was a need, but as it turns out, it was wanted. This AA meeting has been quite successful thus far. It has been an honor and a privilege to be a part of the formation of this meeting from the idea stage to the on-going communication stage (which is an ever present & evolving need with this type of AA meeting). This has been a tremendous learning experience in service for me. I am grateful for the active service committees in District 10, Area 92 Committee, and all our dedicated AA members and trusted servants, for without them this meeting could not be. Thanks to all of you who have supported this most rewarding endeavor in love and service. Kelly
District 8

Talked about Singleness of Purposes. Mock panel will be at the Farragut Campout July 15-18 2004 from 9 am Saturday The panel demonstration will be with asking question. We will also be talking about Bridge the Gap and Bridging the Gap programs.

From the Conference Committee on Treatment Facilities The committee reviewed the Treatment Facilities Workbook and Kit
