

## Audio Recordings Motion

From: Prescription for Living Group of District 17

Moves to repeal Motion 99.3

### Background

Motion 99.3 was brought up when members asked for copies of the speaker at the Saturday night dinner. At the 1998 Assembly in Ellensburg. Additionally, the Speaker session is not a part of the business meeting but is a part of the Assembly. Many years the guest speaker is the Regional Trustee who is in attendance. In keeping with sections 2.1 and 2.3 of the Area Handbook “the Host committee will provide an audio system with arrangements for recording all WSEA 92 Assembly functions”.

99.3 – “The recordings of the speakers at the Washington East Area 92 assemblies will not be offered for sale”

In 1999 the Area did not have the ability to copy and ship the tapes as requested. Since then there has been many changes in the taping or recording of the speaker and the business meeting, and the media can easily be copied and or downloaded from the website.
