

Handbook Change to Alternate Chair Duties Motion

WSEA 92 Technology Committee makes a motion to add the following to the duties listed for the WSEA 92 Alternate Chair:

6.4 WSEA 92 ALTERNATE CHAIR

Duties

- Attends and participates in the Technology Committee meetings.
- Acts as the liaison between the online Host and the Area Chair at Assemblies and Quarterlies and assists in counting online polls during voting.

Background

Prior to the creation of the Technology Chair position, the Alternate Chair solely served as the Chair of the Area Webteam. In recent practice, the Alternate Chair has taken on additional responsibilities, acting as a liaison between the Area Chair and the online Hosts. This includes facilitating crucial communication, such as managing polling and addressing questions from online participants. The addition of the Alternate Chair attending Technology Committee meetings further strengthens this role, ensuring seamless communication between the Technology Committee and the Alternate Chair. This motion is a refinement to the handbook.
